BEGA's Learning Management System voted #1 Training Upgrade for Ethics Commissions

The Campaign Legal Center (CLC) featured BEGA's learning management system in its annual Top Ten report. The report highlights 10 proven training features that ethics commissions have used to increase compliance, accessibility, and knowledge of how ethics laws apply. BEGA launched its learning management system in April 2022. The system contains 24 training courses and is accessible through the agency's website. Since launching the system, BEGA has seen an increase in compliance, and received more complaints, as employees began recognizing violations as a result of their training.

Employees and public officials can access the learning management system at [District of Columbia Government : Login \(lrn.com\)](#).
